

## Making the most of Prosure360 membership

Thanks for joining Prosure360 – the fastest growing SSIP and Pre-Qualification service, used by a growing number of organisations to select the highest quality, safest and most ethical suppliers.

As a part of being a customer of Prosure360, you have access to a number of benefits. We wanted to make sure that you make the most of your membership, helping you secure and retain more work.

### Save with Prosure360 benefits:

- Access 3 free courses, and get 10% off all courses from **DeltaNet**. Improve your teams' confidence and ability with some extra learning – and get certificates to show course completion.
- Through **Fortus Business Advisors and Accountants**, access a free 1:1 one hour consultation, helping you ensure your business finance and accounting are in good shape.
- **William Martin Consultancy** offer preferential rates for assessments, training and compliance systems. Help you make sure you are managing risk, especially on site.
- Keep on top of the latest legislation and compliance at **with a 15% discount on Barbour**.
- Keep fuel costs down as well as an introductory £25 credited to your account with **Fleetmax Solutions**. You can save on a range of solutions including AdBlue, mobiles and insurance.

### Make the most of membership – share the good news:

Gaining verification allows you to demonstrate that you meet the highest standards of quality and safety. Make sure you make the most of this – some ideas that our leading service providers follow:

- **Share the news on Social media** that you have joined Prosure360, and each time you gain a verification. Tag us, we will like and whenever possible we will share your news. We find LinkedIn is very effective, find us here: [linkedin.com/company/prosure360](https://linkedin.com/company/prosure360)
- Include details about **Prosure360 in your bid documentation**. Buying organisations love to see third party endorsements and assessments – share the approvals you have gained, including copies of the certificates.
- **Shout about your verification** on any contact points you have with customers. We offer free of charge stickers, to stick on vehicles or building windows (just drop us an email if you need more), and also you can download our logos from our website.
- Consider **taking more verifications** – we regularly help organisations move from a Deem to satisfy to a full SSIP, add a PreQualification assessment, and other approvals. Have a look in our members areas at the other options open to you.
- **Follow Prosure360** and make the most of our news, insights and benefits. It is best to do this on LinkedIn: [linkedin.com/company/prosure360](https://linkedin.com/company/prosure360)
