Elogs Facilities Services**

## The Combined Power of Prosure360 and Elogs Facilities Services

*“ Prosure360 is an important piece of what we do and it goes hand in hand with Elogs Facilities Services and they need to be inseparable moving forward. ”*

**Barry Jewitt,**  
Supply Chain Manager, Elogs

### What is Prosure360?

Prosure360 is a supply chain management platform that gives you total visibility of your suppliers and contractors. We empower our clients to gain a comprehensive understanding of their supply chain by providing a traffic light report.

This enables them to assess whether their contractors and suppliers meet their specific standards and requirements. Our powerful software will drive efficiencies and streamline operational processes across the supply chain, particularly in relation to supplier performance and selection.

The in-house assessors expertly navigate you through assessments such as Safety Schemes in Procurement (SSIP) and the Prosure360 Pre-Qualification Standard. These assessments cover vital domains such as business and professional standing, equality, diversity, people, and quality management.

The overall goal of Prosure360 is to empower businesses to make an informed choice about who they work with, ensuring the supply chain is made up of qualified, insured, and reliable contractors.

### What is Elogs Facilities Services?

Elogs Facilities Services ensures that businesses' fabric maintenance requirements are managed swiftly, cost-effectively, and to the highest quality.

The Elogs team has unrivalled experience in helping organisations ensure they are safe and compliant with all things related to fabric works. Elogs Facilities Services' supply chain is made up of approved contractors who serve all areas across the UK; all contractors and suppliers are approved using Prosure360, a supply chain management software.

Elogs Facilities Services can be a powerful tool because we take responsibility for the operational management of fabric maintenance requirements, allowing businesses to:

- Maximise efficiency.
- Improve employee utilisation.
- Drive efficiency.
- Reduce the administrative burden involved in fabric maintenance
- Enhance relationships within the supply chain.

Elogs Facilities Services allows you to keep the management of your fabric maintenance simple.

## How do Prosure360 and Elogs Facilities Services work together?

*“ Elogs Facility Services needs Prosure360 to support us in carrying out works safely on site. ”*

**Barry Jewitt,**  
Supply Chain Manager, Elogs

*“ The reason we use Prosure360 is that anyone who works for us must meet certain industry standards in health and safety. Prosure360 goes through the vetting of any suppliers and contractors who work on our supply chain. If they don't hold the Prosure360 assessments, they cannot work for us. It's as simple as that. ”*

**Barry Jewitt,**  
Supply Chain Manager, Elogs

The Elogs Facilities Services supply chain is made up of approved contractors who serve all areas across the UK, all of which are approved using the Prosure360 platform. Prosure360, ensures that the Elogs Facilities Services supply chain is made up of verified suppliers and contractors.
